Vast Crypto Banking MEDIA KIT

We take the worry out of owning crypto.

INTRODUCING CRYPTO BANKING

Vast Bank is the first nationally chartered U.S. bank that allows you to buy, sell, and hold cryptocurrency assets directly with your bank account. We offer the benefits of crypto combined with the simplicity and security of a bank account.

NO LOCKOUTS

Since Vast Bank acts as custodian for its customers' cryptocurrencies, it can offer a guarantee against being locked out, which makes it easy for investors and beneficiaries to access their crypto assets.

CRYPTO INSURANCE

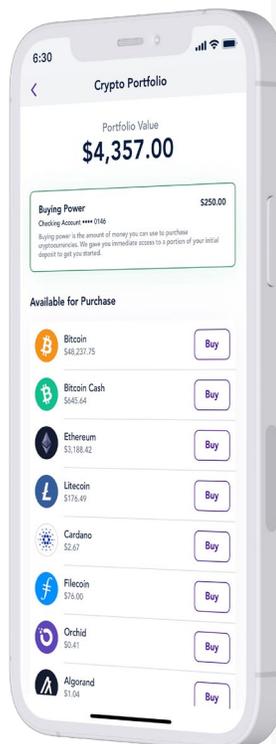

Your checking account USD is FDIC insured up to \$250,000. Crypto assets are protected through pooled insurance provided by Coinbase.

NO TRANSFER DELAYS

Vast Bank's crypto banking service allows funds to move instantly between cryptocurrency in customers' Vast crypto accounts and U.S. dollars in their Vast checking accounts.

1.00% CRYPTO TRADING FEE

Vast Bank is offering one of the most competitive cryptocurrency trading fees—1.00 percent—for crypto accounts on its platform. Vast crypto accounts are not subject to deposit fees.

ABOUT VAST BANK

Vast Bank has built its legacy on personal service, strength, and integrity. With bold leadership and a renewed commitment to customer-centricity, Vast is building on its past to create a future based on new ideas, world-class technology, and a winning culture to enhance the banking experience for customers with greater simplicity and control. In 2021, Vast became the first nationally chartered U.S. bank to enable customers to seamlessly manage cryptocurrency accounts alongside their checking accounts within a secure user interface on its new app—eliminating obstacles to the mass adoption of crypto assets by American investors.

Family-owned and based in Tulsa, Oklahoma, Vast Bank has served its customers since 1982. [Learn more at www.vast.bank](http://www.vast.bank)

Brad Scrivner CHIEF EXECUTIVE OFFICER

"We take pride in getting to know our customers, and that starts with listening. Our customers have been asking why they cannot securely purchase digital assets using their bank account. We took this challenge head on, and devoted significant resources to answer this unmet need. We're excited to give all consumers the opportunity to explore the world of cryptocurrency in a way that brings peace of mind."
